Naples, FL 34108

Dear Ms. Brown,

Thank you for responding to our plea for funds to help us bring aid to the survivors of last week's earthquake in Haiti. Arthrex's continued and generous support is especially appreciated as we address this crisis and your donation of \$20,000.00 will go directly to our Earthquake Relief effort. Your dollars are already at work and have enabled **Hope for Haiti** to:

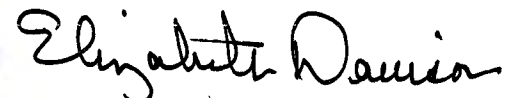

- Dispatch two planes, donated and flown by local pilots, to Port-au-Prince to deliver medical supplies, water and volunteer doctors and nurses. In addition, the use of two Boeing 757 cargo planes was donated to **Hope for Haiti** to transport 75,000 lbs of medical and construction supplies to the ravaged country.
- Support our Country Director, Mike Stewart, who traveled via bus from our base in Les Cayes to Port-au-Prince to deliver emergency relief buckets containing dried food, matches, candles, antibacterial soap, toothbrushes, toothpaste, detergent and water purification tablets. He is actively organizing teams of doctors and nurses at a make-shift trauma center and the General Hospital in Port-au-Prince.

The devastation caused by the earthquake will affect the survivors for a long time to come. We at **Hope for Haiti** will continue to do everything possible to provide relief and support for the Haitian people and for the recovery and healing of this nation. They face a difficult road ahead, and we are most grateful to you and all our donors for your prayerful messages and generous contributions at this time. Please follow our progress on our website, [www.hopeforhaiti.com](http://www.hopeforhaiti.com) and in the news.

With Heartfelt Thanks,
