

LifeNet Health is the nation’s largest non-profit, full service OPO and tissue banking system. We are registered with the Food and Drug Administration (FDA) and are an Accredited Tissue Bank of the American Association of Tissue Banks (AATB).

LifeNet Health holds licenses from the New York State Department of Health, California State Department of Health Services, and the State of Florida’s Agency for Health Care Administration. LifeNet Health is also registered in the State of Maryland. In addition, LifeNet Health’s laboratory is Clinical Laboratory Improvement Amendments (CLIA) certified.

In addition to its tissue banking services, LifeNet Health maintains an Organ Procurement Division providing organ recovery services to eastern, central, and southwestern Virginia and six organ transplant centers in Virginia. LifeNet Health is a member of the United Network for Organ Sharing (UNOS), the AATB, and the Association of Organ Procurement Organizations (AOPO).

LifeNet Health holds concurrent certification to ISO 13485:2003, the quality management system standard specific to medical devices.
