

APAC Charitable Giving Program

Guidelines

Arthrex appreciates your interest in our charitable goals and objectives. At Arthrex, we are actively involved in the communities where we live and work, with a goal of helping our communities succeed.

While there always may be special circumstances or considerations, Arthrex generally no longer funds sponsorships or fundraising events. Instead, we support charitable efforts through annual donations for programs and services. Please keep this in mind when making donation requests.

All organisations requesting funding from Arthrex must complete a grant application. Completed applications can be submitted at any time of year. All requests are reviewed by the Arthrex APAC and/or Global Grants Committee and should align with one or more of our charitable focus areas.

If you learn you are not eligible, please do not submit a grant application. To be eligible, organisations must meet the following criteria.

Donation must be tax deductible

- Grantees must be approved institutions to which donations are tax deductible under applicable local tax legislation.
- Grantees must have broad community support and address specific community needs.
- Grantees must be able to demonstrate fiscal and administrative stability and provide copies of at least the last 2 year's annual reports.

Serve the geographic locations we support
