Lift-Assist® Beach Chair Positioner System

Effortless Patient Positioning

Easy-to-Use and Protective Head Positioning

- Universal™ Head Positioner (UHP), single-use, simple to apply disposable kit
- Comfortable and secure
- Free-sliding head positioner protects the patient's neck when raising and lowering the table

Unobstructed Posterior and Lateral Access

- Completely removable fold-away shoulder panels
- Clear access to the operative shoulder

Lightweight with Lift-Assist

- Quick and easy patient repositioning
- Lift-assist piston supports up to 80 lb (36.3 kg) of the patient's upper body weight, enabling nearly effortless positioning
- Class leading 500 lb (226.8 kg) patient weight limit
- Lateral slide feature enables the surgeon to move the patient closer to the edge of the OR table for increased surgical site access
- Lightweight, under 30 lb (13.6 kg) without panels

Easy to adjust and position with lift-support pistons.

Safe and supportive. Simple adjustments can be made using lift-support handle.

Lies flat for anesthesia access.
