

Charitable Giving Program

Guidelines

Arthrex appreciates your interest in our charitable goals and objectives. At Arthrex, we are actively involved in the communities where we live and work, with a goal of helping our communities succeed.

While there always may be special circumstances or considerations, Arthrex generally no longer funds sponsorships or fundraising events. Instead, we support charitable efforts through annual donations for programs and services. Please keep this in mind when making donation requests.

All organizations requesting funding from Arthrex must complete a grant application annually. Completed applications should be submitted during our application window: **July 1–August 31** of each year. All requests are reviewed by the Arthrex Charitable Giving Committee and should align with one or more of our charitable focus areas.

If you learn you are not eligible, please do not submit a grant application. To be eligible, organizations must meet the following criteria.

Have IRS Tax-Exempt Status

- Grantees must have tax-exempt status under Section 501(c)(3) of the US Internal Revenue Code with a Public Charity classification. Also eligible are qualified governmental agencies, including public school systems.
- Grantees must have broad community support and address specific community needs.
- Grantees must be able to demonstrate fiscal and administrative stability and provide copies of at least two years of filed 990 tax returns.

Serve the geographic locations we support

- California: Santa Barbara, San Luis Obispo, and Ventura Counties

We also support a small number of national non-profit organizations within our Health & Wellness scope of giving, particularly scientific research for the cure of disease and illness.
